To

7/3

Letter no D1-2802 332 of 42-43 dt 29 3 44 from the Dy D, stating that there is no specific provision in the rules as to the disposal of the interest on the permanent funds of the Municipal High Schools, and recommending that the interest accruing on the permanent funds of these Schools may be added on to the funds until such time that a added on to the funds until such time that a least one fourth of the approved expenditure the Schools could be met from the interest.

1) According to rules the managements of Municipal High Schools have to deposit a sum of Rs 5000 for ensuring the financial Stability of the Concern Municipal High school

2) In the GO no D1371 80 Edn 986-29-2 dt 31/1/30 Sanctioning the adoption of accounts procedure for recording the transactions of the DL High Schools, it is stated in para 3 of the annexure that the sum of Rs 5000 refd to in para 1 above may be invested in the Govt Savings Bank as a fixed deposit in the name of The President of the MLA or the President of the Managing Committee, so that the money would not be available for current expenditure and the amount would also earn some interest.
How the interest should be utilised has not been stated

3) The Dy D has reported that at present it is only the Managements of Municipal High Schools

Halawalle and Holenarasipur are drawing the interest for the Current expenditure of the Schools & that the President of the Hassan Municipality wants to draw the accumulated interest to augment the Current balances of the Municipality and not even for expenditure in respect of the HE High school The DC is of opinion that it is desirable that these permanent funds should be steadily augmented by at least the addition of interest until an annual income equal to at least one fourth of the Cost of maintaining these Schools is ensured and that managements of the several HE High Schools are in favour of the interest being added on to the Corpus of the permanent fund & that this is the opinion of both the divisional deputy Directors I do not recommend Sanction to the same.

4) As the funds are deposited for ensuring the financial stability of the Concerned Municipal High schools, it seems legitimate, that the interest earned should be spent for the Municipal High School and not for augmenting the resources of the Municipality for recurring expenditure Other than for all High schools.

5) It is for Consideration whether it is desirable to have the Resolutions of all the Hassan Municipalities of the defunct Comes of the

re' Interest earned on the amounts kept
ensuring financial Stability of all H.C schools
Committees of all Municipal High Schools in the
Matter

6) The Law Sect (LS GOI) may also be consulted

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION IN MYSORE

ENCL

*Bangalore dated* 28the March 1944

29 MAR 19..

FROM M. Sultan Mohiyuddin, Esq , M.A , LL.B , M Ed ,
DIRECTOR OF PUBLIC INSTRUCTION IN MYSORE
BANGALORE

GENERAL SECRETARIAT 30 MAR 19..

TO R.P. Mallappa, Esq , B A , LL B.,
General Secretary to Government of His Highness
the Maharaja of Mysore, Bangalore

SIR,

Subject.- Disposal of the interest accruing annually on the permanent funds of Municipal High Schools

I have the honour to state that the Deputy Commissioner and President of the Managing Committee of the Municipal High School, Mandya, has raised the question whether the interest that has accrued on the permanent fund of Rs 5,000/- of the Municipal High School, Mandya, may be permitted to be drawn, as the President of the Town Municipal Council Mandya, has requested sanction to withdraw the interest, on the ground that the current balance of the Municipality has fallen short of the statutory minimum and pending bills are to be paid

Deposit of a sum of not less than Rs 5,000/- by the Municipal Council concerned to constitute a permanent fund is being insisted upon in each case as a condition precedent to sanction of a Municipal High school, and this is intended to ensure the financial stability of the institution Though the general rules governing Municipal High schools issued with Government Order No. L 3530-47/Ml. 47-34-25 dated 16-11-1934/15-2-1935 are silent in regard to this fund, compliance with this requirement has been secured in each case since the two first Municipal High Schools were started at Sagar and Doddballapur as per Government Order No D 13775-78/Edn 1000-27-5 dated 30-6-1928 In para (3) of the annexure to Government Order No D 1371-80/Edn 986-29-2 dat

dated 31-7-1930, it is suggested that this amount may be invested as a fixed deposit in the Government Savings Bank and it is also stated that by adopting this procedure the amount will earn some interest

In the form of annual statement of Receipts and Expenditure of Municipal High Schools (Form No Edn 26 B), the interest on the above fund is to be shown as an income But nowhere is it definitely indicated in any of the rules relating to Municipal High Schools whether the interest on the fixed deposit may be utilised for current expenditure or should be added on to the corpus of the fund

The object of instituting this fund is to safeguard the financial stability of these institutions and the sum of Rs 5,000/- is only the minimum prescribed. But none of the institutions has raised the fund above the minimum, while in a few cases the deposits have been made only after much insistence

It is reported that, at present, only the Managements of Municipal High Schools at Malavalli and Holenarasipur are drawing the interest for the current expenditure of the Schools And now the president of the Town Municipal Council, Mandya, wants to draw the accumulated interest of Rs.525-1-7 to augment the current balances of the Municipality and not even for expenditure in respect of the Municipal High Schools

As the permanent fund was intended to ensure the financial stability of the school and Managements of all Municipal High Schools have deposited only the minimum sum prescribed, it is highly desirable that these permanent funds should be steadily augmented by at least the addition of the interest until an annual income equal to at least a fourth of the cost of maintaining these schools is ensured In the case of aided High Schools managed by private bodies, it is a condition of grant-in-aid that one-fourth of the approved expenditure should be met by the Managements This course would make the Municipal High Schools more and more independent of grants from District Boards which some of them are disinclined to continue It is gratifying to note that an enquiry made of the Managements of the several Municipal High Schools has elicited replies that show that a great

great majority of them are in favour of the interest being added on to the corpus of the permanent fund This is the opinion of both the Divisional Deputy Directors also

Since there is no specific provision in the rules as to the disposal of the interest on the permanent funds of the Municipal High Schools, I recommend that Government may be pleased to direct that the interest accruing on the permanent funds of these schools may be added on to the funds until such time that at least one fourth of the approved expenditure of the schools could be met from the interest

Sir,

Subject:- Interest on the Municipal High School guarantee Funds

With reference to your letter No L.11297-305 dated 10-5-44 on the above subject, I have the honour to state that the Dodballapur Town Municipal Council have resolved that the accrued interest on the High School guarantee Fund may be added to the deposit itself A copy of their resolution dated 30-7-1944 received from the President of the Dodballapur Municipal Council is herein enclosed for favour of reference

The three Municipal High Schools of Tyamagondlu, Nelamangala and Anekal were sanctioned only from the current year. Hence the opinions of these Municipal Councils have not yet been received The concerned Presidents have however been asked to submit the resolutions of the Municipal Councils agreeing to the proposals now made since the adding of interest to the guaranteed Fund would further strengthen the finances of the High Schools.

I have the honour to be,
Sir,

SUBJECT - Disposal of interest accruing annually on the permanent funds of the Municipal High Schools

---

In continuation of this office letter No cited above dated 5-6-1[illegible] requesting early orders of Government on the above subject, I have the honour to invite your reference to Government Order No E 3414-24/Edn 141-43-8 dated 11-1-1945 directing that the guarantee amount of Rs.5,000/- given by Municipal Councils in connection with the opening of Municipal High Schools in their respective areas be invested in the Governme[illegible] India National Savings Certificates and to Correspondence ending letter No E 5899/Edn 141-43-11 dated 1-6-1945 from the Secreta[illegible] Government, Education Department, conveying further orders of G[illegible] on certain points raised by me in connection with the Government Order referred to above, I have the honour to state that the amounts under reference are invested in the National Savings Certificates there will be no occasion for the managements of the schools concerned to draw the interest annually, as this form of investment assures a lumpsum payment at the end of the ~~ex~~ specified period, representing the total of the sum actually invested and the interest thereon for the whole period. This form of investment will indirectly prevent the managements from drawing and utilising the annual interest for current expenditure of the schoo[illegible]

schools and secure the desired object of addir~ the interest earned to the corpus of the fund, thereby increasing the amount of Guarantee Fund of each of the schools concerned.

s to the other point I raised in my letter No. cited above dated 27-3-1944, viz., that the Managements of Municipal High Schools may be directed to add on the interest to the corpus of the Guarantee Funds until such time that at least one-fourth of the approved expenditure of the schools could be met from the interest, the question could be taken up about the time of the maturing of the National Savings Certificates, and I propose that it may be dropped for the present.
